What do I need to know before the week starts: 10/10-10/14

Habitudes next week

The Oversized Gift Giftedness must be balanced with character. For parent letter click here.

SEL Core Competency: Self-Awareness - The ability to accurately recognize one's emotions and thoughts and their influence on behavior. This includes accurately assessing one's strengths and limitations and possessing a wellgrounded sense of confidence and optimism.

Sub-Competency: Accurate Self-Perception - Accurate selfperception is not only seeing yourself for who you really are, but also embracing your unique characteristics, abilities, and shortcomings in order to build confidence in yourself and maintain an optimistic outlook on life.

Minor Change in Bells to Raise Awareness

We play music in the halls between class to give a positive reset for our students as they shift between classes, teachers and learning environments. We have been ringing a bell when there is one minute left before classes officially begin. We will be adding a bell at the start of class as way to signal students and staff when the period starts.

Student Performance Reviews

On Monday in Wolfpack, students were asked to review their progress in their classes. They were asked to identify what they needed to do to reach their performance goals and to identify what help they would need. Wolfpack advisors sent home most of those for home review. Several were rerouted to specific teachers for their assistance, and a few were forwarded to our office team for greater support. Our next performance check will occur the Monday prior to conferences at the end of the month.
